

Installing Avid Cinema

Use the enclosed CD to install Avid Cinema on Power Macintosh G3 computers only. Insert the CD into your CD-ROM drive and double-click the CD icon that appears on the desktop. Then, follow these steps:

- 1** Use the QuickTime Installer to install QuickTime 3.0, then restart your computer.
- 2** Use the Reader 3.0.1 Installer to install Adobe™ Acrobat™ Reader, which is required to view the Avid Cinema online manual. Then, restart your computer.
- 3** Use the Avid Cinema Installer to install Avid Cinema, then restart your computer.

(continued)

- 4 Drag the Examples folder to the Avid Cinema folder on your hard disk.

Important In the future, if you reinstall your system software, you will need to reinstall Avid Cinema, QuickTime, and Acrobat Reader.
